D. Smith and PharMEDium, or the inability to capture all of the anticipated synergies related thereto or to capture the anticipated synergies within the expected time period; the effects of disruption from the transactions on the respective businesses of the Company and H. D. Smith and the fact that the transactions may make it more difficult to establish or maintain relationships with employees, suppliers, customers and other business partners; the disruption of the Company's cash flow and ability to return value to its stockholders in accordance with its past practices; interest rate and foreign currency exchange rate fluctuations; and other economic, business, competitive, legal, tax, regulatory and/or operational factors affecting the Company's business generally.
